

RIDEM REGULATORY PROCESS / NEXT STEPS

National Grid has worked under the direction of the Rhode Island Department of Environmental Management (RIDEM) to complete the Site investigation along with certain response actions at the Tidewater Site. National Grid will continue to work with RIDEM and share information with the community consistent with the Site's Public Involvement Plan (PIP) throughout the design and cleanup phase of the project.

REMEDIATION REGULATIONS

Next Steps

LEGEND

- Documents and notices issued by RIDEM to National Grid
- Documents and notices submitted to RIDEM by National Grid
- Public notification and Public Involvement Plan activities by National Grid
- Investigation and remediation by National Grid or predecessor companies
