

BRINGING NATURAL GAS TO PAWTUCKET

Current Utility Operations

Natural Gas Regulator Station

Former Gas Processing Buildings

Inside the Natural Gas Regulator Building

NATURAL GAS REGULATING FACILITY

- The Tidewater Station serves 17,000 customers in Pawtucket
- Designed to reliably control system pressures and maintain the continuity of natural gas supply during normal and critical demand periods
- Significant upgrades were made to the Tidewater Station in 2011 and 2012 to ensure reliable and safe service to the community:
 - Replacement of the building was completed at the end of 2012
 - Installation of automation equipment to allow for remote monitoring
